

K7EFG0712

ELECTRIC FRYER DOUBLE TANK 11 + 11 lt.

PRODUCT DESCRIPTION

Stainless steel frame. Athermic thermostet plastic knobs with useful screen printed edges.

Oil heating obtained through **stainless steel heating elements**, immersed in oil and **easily tilting** for easy cleaning operations. Manually-reactivating safety thermostat.

Two 11 lt. tanks provided with a thermostat, which enables the temperature to be regulated between 100°C and 190°C.

Stainless steel tank with rounded edges sloping towards the drain spout.

Drain valve with handle made of athermic material located in the equipment compartment.

Moulded work surface and tank for easy cleaning. Stainless steel front, side and back panels.

Baskets, stainless steel tub lids and drain sleeves supplied.

Laser-cut work top finishing for "head-to-head" matching and binding fastening.

Height-adjustable stainless steel feet.

Accessories available **on demand**.
